Its Activities

FOREWORD

The graduating class of 1970, having computerized the data necessary for taking a retrospective view of the many history-making events of the 1969 year, has prepared this time capsule of events entitled:

“ONE SMALL STEP FOR MAN, A GREAT LEAP FOR MANKIND”

YOU are tomorrow's critics of history making events. So examine, study, and judge the steps, and history makers of this decade. Marvel at the panorama of situations behind the scenes of history. We, as seniors are now about to enter the world and become part of its great history. For we are on the threshold of man's greatest exploration of his solar system and world. Equipped with the knowledge taught to us, we face the world with open arms.

Sit back and judge the events that made history as your travel through the time barrier begins ...

DEDICATEE

To Mrs. Carolyn Parker, who has contributed so much to us through her dedication to the school and student body, we pay this special tribute.

For your virtues of patience, understanding, interest and enthusiasm for our aims and goals, we thank you. We know it is a rare quality to find one such person, who would readily give up their time and devote their efforts to the bettering of the student body. And for your unceasing efforts to transpose these virtues in the heart of each of your students, we give our most gracious thanks.

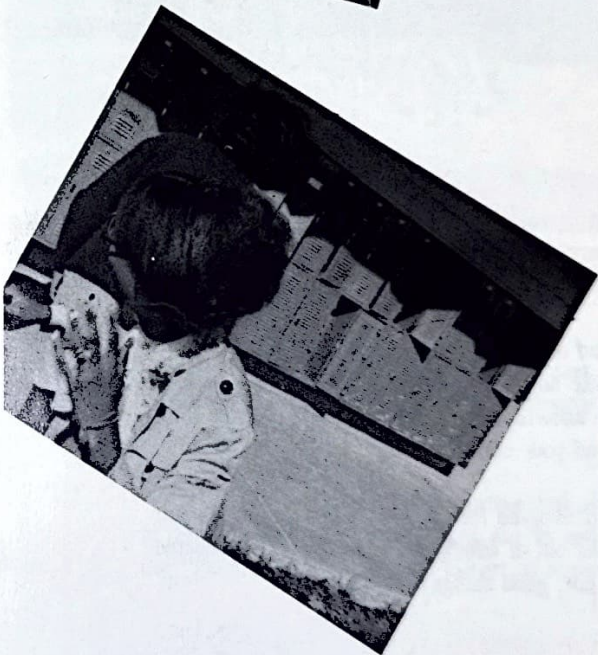

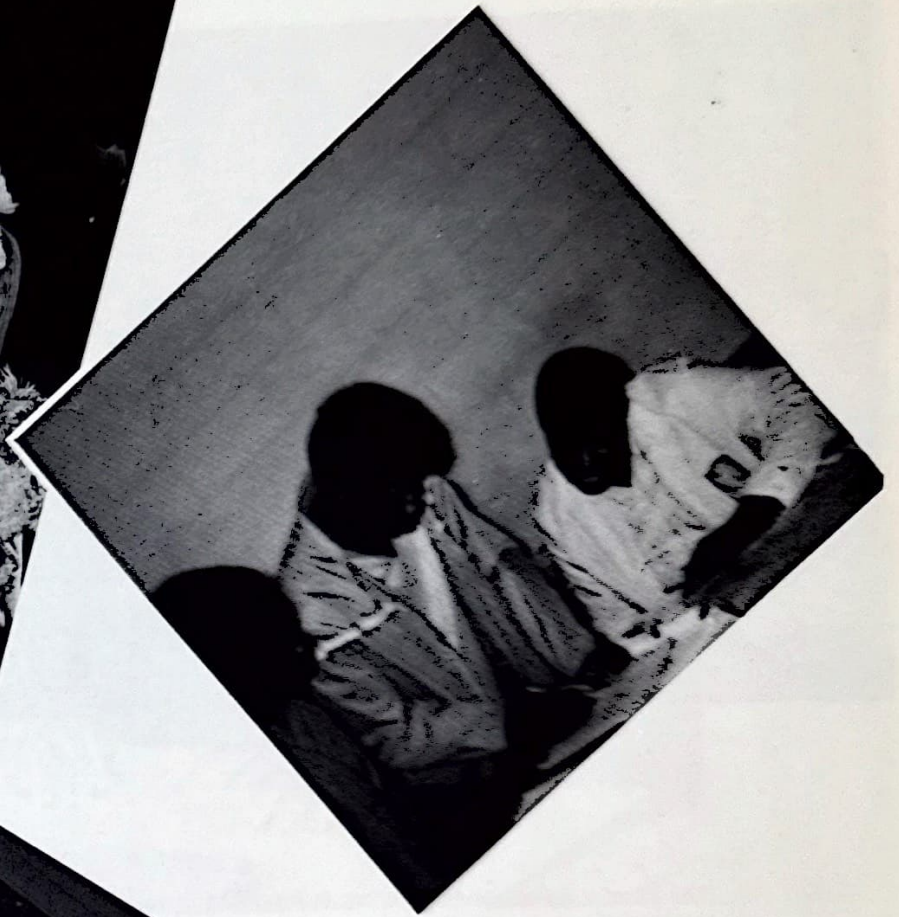

To you Mrs. Parker, we humbly dedicate this our Nineteen Hundred Seventy Panther ...

You have helped us make

"One Small Step For Man, A Giant Leap For Mankind."

THE SUPERINTENDENT OF SCHOOLS

The District School Board joins me in extending to you our sincere congratulations for a job well done. It is a privilege for us to be of service to all students in the public schools of Seminole County.

You are to be commended for your efforts toward achieving success and attainment of goals set for yourself during the year. It is our sincere hope that your education at Crooms High School has been a challenge to you, and that the knowledge and experience you have gained will serve to reflect honor and credit upon you and your community.

The educational program in which you have been involved for the past few years is the result of concentrated effort and thought of many, in and out of education. All of us are delegated very real responsibilities, and, by carrying them out, good things will occur.

Best wishes in the years to come.

John G. Angel
Superintendent of Schools

OUR PRINCIPAL

Best wishes to the 1970 graduation class. The entire school system hopes that its efforts in behalf of your educational development will help you in attaining your greatest potential in the years to come.

This year's Yearbook Committee has worked many hours to bring you happy memories in future years. Congratulations are in order to those who have made this 1970 edition of the "Panther" one of the best historical reports of Crooms High School.

A SALUTE TO MISS ANNIE ROUSE 1966 CROOMS HIGH GRADUATE

"Guidance is a part of the total educational experience of the child; it is individual centered." These are the thoughts of Annie P. Rouse, a 1966 Crooms High graduate, who is back at her alma mater doing independent research in guidance for the month of January.

Miss Rouse is a senior psychology major at The Defiance College in Defiance, Ohio, who plans to graduate in May and later specialize in guidance in graduate school.

"I have found Crooms' guidance department to be instrumental in the 'total educational experience of the child', though it is by no means a perfect department-very few are. To the students at Crooms, I urge you to do your part in making guidance a part of your total educational experience - talk to your counselor, learn what it's all about. I am grateful to Mrs. Douglas and Mr. Wilson for their cooperation with me in this study."

More school? Man, that's not my bag!

Poor Rick. He's traded
one bag for another . . .
and he's losing out.

You see, further education
is more than just the key
to a better job, and a successful
future. You'll discover a whole
new world of people, ideas,
and living.

And if that's your bag,
further education is where
it begins.
